## DESCRIPTION OF THE TASK

The activity O3.A1. “Development of OER platform and uploading of all contents” was to design and develop the platform and upload all relevant contents, including resources. The platform has been designed to be user-friendly and to enable all participants to have easy access.

The CTM has been in charge of the development of the platform, with the contribution of contents and translations of the partners.

The partners have been also in charge of dissemination and attraction of participants to the platform and ensuring that the contents are available in their respective languages.

The OER platform has been provided with the training materials of the project, where is included an area of Community of Practice for open discussions and exchange and is included an e-library with important and relevant resources, compiling new training materials.

The screenshot shows the website <https://winstoneproject.eu/oer/>. The header includes the WinSTONE logo, the Erasmus+ logo, and the text "Co-funded by the Erasmus+ Programme of the European Union". Navigation links for Home, Project, Reports, OER, MOOC, News, and Contact are visible. A large image shows a person in a blue suit holding a yellow hard hat in a factory setting with robotic arms. Below the image is the heading "Open Educational Resource" and a paragraph: "In this open-access platform, you can access all the information collected during and beyond the end of the project. The platform provides more information for self-learning education." Three buttons labeled "DIRECT ACCESS", "PRIVATE AREA", and "MOOC" are displayed. At the bottom, the Erasmus+ logo is shown with the text "Erasmus+" and a disclaimer: "This project has been funded with support from the European Commission. This publication reflects the views only of the author, and the Commission cannot be held responsible for any use which may be made of the information contained therein." The project code "2019-1-DE02-KA202-006430" is also visible.
